

Fingerprinting Hygiene Etiquette & Practice

We value the health and wellness of our employees and our customers. As a result, we take the highest precautions to ensure proper safety measures are in place to help customers meet their fingerprinting requirements.

In order to protect the health of our valued employees and customers, the following hygiene etiquette is practiced:

- Fingerprint technicians will sanitize hands with an alcohol-based hand sanitizer, or wash them with soap and water for at least 20 seconds prior to their fingerprinting session and/or utilize exam gloves.
- We will do our best to minimize the amount of time customers spend in our office by working efficiently through the fingerprinting session.
- We clean and disinfect our work surfaces regularly with disinfectant products.
- We ask customers to sanitize hands with an alcohol-based hand sanitizer, or wash them with soap and water for at least 20 seconds prior to their fingerprinting session.
- We clean our equipment including keyboards, adjacent surfaces like counters and chairs, doorknobs and public areas regularly with CDC-approved cleaners.
- Customers may also utilize our mobile service where we send a technician to your office or home. To schedule your fingerprinting session call us at 602-246-3444 or visit www.ArizonaLivescan.com.

If you do not feel well please visit or schedule a mobile session
at a future time when you are feeling better.
